WHY OAKWOOD?

Oakwood continues to work hard to understand and respect issues relating to local culture. This is an important factor which is incorporated through our business philosophy all the way to our delivery methodology. We run very interactive programmes. Clearly there is some theory involved but we ensure that we then use this to demonstrate how this is implemented with practical applications back in the workplace. We try to ensure our students remain engaged and have some fun along the way. We believe strongly that people learn most when they have a smile on their face.

SO WHAT ABOUT COSTS AND FEES?

Oakwood has no intention of profiteering at the expense of our students' vocational qualifications. For this reason we maintain extremely competitive fee levels. Please phone or contact us for a no-obligation discussion about this or any other matter that needs clarification.
